

OPAQUE NATURAL FILTER HOUSINGS

Characteristics

- All components are polypropylene (except for O-rings).
- Ultra smooth internal surface to avoid bacteria and dirt build-up.
- Viton O-rings are standard.
- Available with vent and drain plugs.
- Caps come with mounting bosses.
- Double cap ports available.
- O-ring sealed poly drain plug in sump.

Applications

- Deionized and reagent grade water.
- Electronic grade chemicals.
- Pharmaceutical grade solvents.
- Laboratory equipment.
- Electronic etching solutions.
- Reverse osmosis or ultrafiltration final filters.

Specifications

Recommended maximum temperature - 100°F.
 Recommended maximum pressure - 100 psi.
 Color - White
